

Summary of an Analysis of Pricing of Pottery Pieces

What follows is a summary of an analysis of pricing of pottery pieces from 27 different Canadian Potteries who are currently selling work online. The Potters include those working in earthenware, stoneware, porcelain, and high fire work, but no raku pieces. The Potteries range from very well known, established Potters to established, traditional Potteries to emerging Potters who have been marketing their work for less than 2 years. The Potteries are located across Canada, although the majority are in Ontario. Only functional work was included.
